SWISS+TECH® Micro-Light Ultra

First in Key Ring Products™

Bright White LED Light!

SWISS+TECH® Micro-Light Ultra

100,000+ Hours of Bright White LED Light on a Key Ring

The Swiss+Tech Micro-Light Ultra features an ultra bright white LED light that lasts over 100,000+ hours. Its small, lightweight, thin size makes it easy to carry on your keychain and in your pocket, bag or backpack. No more fumbling to safely unlock the car door or house, read a menu in a dimly lit restaurant or light the way down an aisle in a movie theater. The bright beam illuminates a path in the dark or poorly light room. Indoor or out. The Micro-Light Ultra easily attaches to a key ring or zipper.

A Strong Reputation, A Sleek Addition

SWISS+TECH® tools have built a strong reputation for precision, high quality and durable designs at key impulse price points. Micro-Light Ultra is a sleek addition to the popular family of attractive and useful key ring tools, introducing a new standard of elegance to the traditional SWISS+TECH® convenience and reliable functionality.

Self-Selling POS Merchandising

The Micro-Light Ultra is supported by informative, high impact packaging that effectively communicates features and benefits at the point of sale. Complete merchandising programs are available, including clip strips, one, two and four section counter displays, and eight section floor and wall displays.

Clamshell Packaging

Attention-getting, informative, full-color, carefully sealed to prevent tampering.

Satin-Finish Metal Gift Box

Features a screen-printed red, white and black SWISS+TECH® logo.
